
White Quality Policy

We shall, as one of Scandinavia's leading architecture firms, fulfil high standards and demands regarding both the work process and its results, in the form of documents and that which is built.

This requires that we shall:

- Fulfil our clients demands and expectations in our work
- Comply with laws and regulations
- Contribute to community needs of good architecture and environment
- Comply with the industry's ethical codes.

We shall constantly implement improvements to ideas, functional and technical qualities, and work processes.
